NAME OF THE EVENT : Screening of Wild life documentary -'Our Planet-on world animal day.

DATE: 6th March 2021 and 8th March 2021

No. of beneficiaries : 46

Incharge Teacher : Dr. Janhavi A. Bhagwat

Brief Report: A wildlife documentary 'Our Planet' by Sir David Attenborough was screened on March 6th and 8th for F.Y.B.Sc classes to celebrate WORLD ANIMAL DAY. On this occasion a virtual trip to different habitats was arranged through Netflix Documentary.

The documentary was beautifully shot with advanced technology and had with subtitles. It was a visual tour to different ecosystems and students could relate to the concepts like migration, population density, predation, parental care, nesting of flamingos, courtship dances of birds. The documentary highlights the survival of the animals and the skills they develop to survive in the changing environmental conditions. The students were astonished by the capacity of the animals to tide over the conditions which were a lesson in itself.

Following this, about 46 students attempted the quiz based on the documentary. It was a unique and a great learning experience for the students.
