Report

A 'Career Counselling Session' was held for TYBA students on April 12, 2022 in blended mode. Dr. Meher Mistry and Prof. Snehal Nagtilak conducted the session. They presented the various career and higher education options available to students after their graduation from History. Post graduate courses available in Tourism, Heritage management, Law, Archaeology etc were discussed. The scope and nature of these courses were discussed. They gave them directions for preparing for these courses, like entrance exams, keeping track of notices, making a list of institutions and self study etc. As some students were already working, they discussed ways to do courses in long distance and part time mode. They also discussed the skills required for employment as graduates. It was made clear to the students that as graduates a range of options associated with their skills and hobbies could also be turned into successful careers. They could even take up professions that required creative knowledge. They emphasized the need to develop soft skills and communication skills. Students were also made to understand the need for strengthening mental health and handling emotional stress. Students clarified their doubts regarding the path they wish to choose. 18 students attended the session.
